

## Going Bananas Campaign – Campaign Feedback

---

### GR Advanced Materials Ltd

#### Mill Update:

Our safety campaign on slips and trips had already begun before the Paper Federation announced the 'Going Bananas' campaign. Our campaign lasted 4 months and included a poster campaign, housekeeping tours and competitions. It was very successful and resulted in zero accidents in the 4 month period.

We have now moved on to another safety campaign which is on the subject of Manual Handling. This is also going well and will finish at the end of this year.
