

## Going Bananas Campaign – Campaign Feedback

---

### Georgia Pacific, Oughtibridge Mill

#### Mill Update:

Oughtibridge Mill has many areas where someone may be injured due to a slip, trip or fall. We have identified steps and stairs as major factors and are focusing our attention on making these areas as safe as possible.

We have Scotgrip providing us with stair treads, and have also used other forms of anti-slip materials on stairs (see pictures).
