

## Going Bananas Campaign – Campaign Feedback

---

### Thomas & Green Ltd

#### Mill Update:

It's been difficult to accurately gauge the success of the Going Bananas campaign to date purely in terms of our accident statistics. The fact that we have recorded no slips, trips or falls during the campaign to date should be a positive sign. That said, and not wanting to tempt providence, we have been fortunate not to have recorded a slip, trip or fall for nearly 2 years.

There is no doubt that the campaign has raised peoples awareness of the potential hazards and as a result there seems to have been a notable improvement in our standards of housekeeping particularly.

#### *Cautionary Note*

We have been mindful during the course of the campaign that an emphasis on one specific area can often lead to complacency in others. While promoting the Going Bananas campaign we have continued to focus awareness on other areas of Health & Safety with the Mill's action plan so as not to loose momentum.
